

# Ohio Valley OAUG – Getting Groovy in Louisville

I have been selected to speak at the OVOAUG on February 16, 2018. I have been there before, and it is a very nice group of people to engage with. If you are in the area, or would like to hear more about how Groovy in PBCS can change the landscape of performance, user interaction, improvement of data input, and reduced user frustration, please go to <http://ohio.communities.oaug.org/> and register. I would love to see as many of you there as possible.

## PRESENTATION AGENDA

- |   |   |
|---|---|
| <b>01</b> GROOVY INTRODUCTION<br>What is it and how do I get it                                 | <b>05</b> DEMONSTRATION<br>Live demonstration of functionality  |
| <b>02</b> FUNCTIONAL SUMMARY<br>Highlight the functionality added with using Groovy calculation | <b>06</b> OTHER ENHANCEMENTS<br>Discussion of other useful functional improvements                                |
| <b>03</b> PERFORMANCE<br>Discuss the game changing performance improvements                     | <b>07</b> DEVELOPING SCRIPTS<br>Overview of requirements to develop Groovy calculations<br><i>IF TIME PERMITS</i> |
| <b>04</b> USABILITY<br>Overview of new features your users will love                            | <b>08</b> FINISHING UP<br>Interactive Q/A   |
|   | <b>09</b> APPENDIX<br>Document the calculation discussed in the session for you to reference                      |

Groovy and PBCS

OVOAUG / Goodfriend

Here is the agenda. It is going to be a functional overview, but we will touch on how to start writing Groovy, and if you show up, I will be more than happy to talk before and/or after the session.
